SMARTWATCH-STRAPS.CO.UK

Wrist measuring tape

Print this page at 100% (actual size, not "fit to page"). Check: the bar below is exactly 5 cm (1.97 in) long.

5 cm

1. Cut out the strip along the dotted line.
2. Wrap the strip around your wrist, just behind the wrist bone, and read the value where the strip meets the 0.
3. Pick your smartwatch model on smartwatch-straps.co.uk: every strap fits. Your wrist size helps with straps that come in more than one length.
